Steel Trust in Politics.

That the Steel Trust is willing to spend money to elect men to public offices who are willing to serve it after they get into office, is again being demonstrated.

When Theodore Roosevelt was president of the United States he permitted the Steel Trust to absorb its principal rival, the Tennessee Coal and Iron company. This permission to violate the law was worth millions of dollars to the Steel Trust, because it practically assured the trust a monopoly, leaving it free, by the simple process of tightening the screws on the public, to extort most any price it desired for its wares.

The absorption of the Tennessee company by the Steel Trust was in direct violation of both the spirit and the letter of the law. No one denies this. Not even the attorneys for the Steel Trust contend now, or ever did contend, that the deal was legal.

This is not the only favor Theodore Roosevelt did for the Steel Trust, or did the harvest trust at the request of George W. Perkins, then partner of J. Pierpont Morgan.

Roosevelt's commissioner of corporations investigated the harvest trust, found it illegal, but at the suggestion of Mr. Perkins, the report was not made public.

The most exhaustive search of the records during the years that Roosevelt was President fails to show the passage of a single measure that even in the most remote manner affected the monopoly and the huge dividends of the Steel Trust. Hundreds of such measures were introduced into both the House and the Senate while Mr. Roosevelt was President. Each and everyone was chloroformed and killed in committee. And Mr. Roosevelt never raised his voice in protest.

Mr. Roosevelt is now a candidate for office. Every politician in the land is aware that he is spending more money to obtain delegates than any candidate for the Presidency has spent in this country in the last quarter of a century. Where is this money coming from? Let us see:

Eton Huntington Hooker, treasurer of the Roosevelt league, has just filed with the secretary of state of New York a list of contributors to the Roosevelt fund. This sworn affidavit reveals that in the city of New York alone George W. Perkins, organizer of the harvest trust and directors of the Steel Trust, spent \$15,000. Frank A. Monsey, the largest individual holder of steel stock (common) in the country, contributed \$15,000 (more). Thirty thousand dollars of steel trust money spent in a city of one state alone, and there are 47 states in the union! This sworn statement shows that in New York City \$30,126.75 was spent to get about 15,000 Roosevelt votes, or practically \$4 a vote.

Senator Stephenson spent only half as much per vote in Wisconsin and it was declared that he thus dethroned American standards and should not be permitted to occupy a seat in the Senate!

The point to this article, however, is that the steel trust stands by its friends.

Chief Executor Issues Order.

Col. Green R. Keller, editor of the Carlisle Mercury has issued his fifth annual proclamation for "rat killing" as follows:

"Every house holder in Nicholas county is urged to celebrate May 1 by killing every rat possible. There is nothing so destructive as rats, and they cause the people millions of dollars of losses every year. You can save many dollars by making them scarce. Don't regard this as a joke, but get busy and kill every rat about your premises if possible."

"G. R. KELLER, Chief Rat Killer."

The question of chief public interest is not whether head waiters call themselves "chamberlains" or "superintendents," but whether they are what they are or by any other name, but rather what effect such a change will have upon the character of the service rendered by the head waiters. Great Kubolik at Lexington.

Jan Kubolik, wisard of the violin, world's greatest musician, with the New York Symphony Orchestra, conducted by Walter Damrosch, America's foremost leader, will appear in a grand double bill at the Lexington Auditorium, Wednesday night, May 1. Those two attractions, each the greatest of its kind in the world, combines to make Lexington's annual May Day musical festival one that offers music-lovers the most sublime treat of the age.

Kubolik, will appear at the Auditorium in the second to last concert to be given in America, as he is now completing his third tour of this country, preparatory to sailing for South America. While it is doubtful if this genius of the violin will ever again be heard in America, that he certainly will never again be in tour with the famous New York Symphony Orchestra.

Kubolik, with his four famous violins costing \$91,000, insured for \$80,000, his \$85,000 hands comes to Central Kentucky while he is attaining the pinnacle of success, the idol of five continents, criterion for all musicians.

Special arrangements will be made for music-lovers of Paris who wish to attend this concert May Day in Lexington. Interurban cars will leave Paris and Lexington at hours convenient to Bourbon county citizens.

The scale of prices for this concert is as follows: Box seats \$2.50; Reserved seats, Lower floor \$2; Balcony \$1.50. Standing room and admission \$1. Mail orders, accompanied by cash or checks, will be filled in the order received. Everyone is especially urged to be prompt in securing their reserved seats, as the rush will be tremendous when the seats are placed on sale at the Hippodrome office on Wednesday, April 24, at 10 A. M. Patrons are urged to be seated promptly at 8:15 o'clock, as no one arriving late will not be seated until intermission.

A BLOOD MEDICINE WITHOUT ALCOHOL.

Recently it has been definitely proven by experiments on animals that alcohol lowers the germicidal power of the body and that alcohol paralyzes the white corpuscles of the blood and renders them unable to take up and destroy disease germs. Disease germs cause the death of over one-half of the human race.

A blood medicine, made entirely without alcohol, which is a pure glyceric extract of roots, such as Bloodroot, Queen's root, Golden Seal root, Mandrake and Stone root, has been extensively sold by druggists for the past forty years as Dr. Pierce's Golden Medical Discovery. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives life to the blood—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter.

Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, and a physician of large experience and practice, was the first to make up an ALTERNATIVE EXTRACT of roots, without a particle of alcohol or narcotic.

"It is with the greatest pleasure, that I write to let you know of the great benefit I received from the use of your medicine and self-treatment at home," writes Mrs. Wm. Hayes, of Lodi, N. H. "I suffered for three years from a running sore. Consulted four doctors but they failed to mend or give relief. Finally I was told I was in consumption and would have to consult a specialist concerning my ear, that the dead bone must be cut out before the wound would heal. A kind friend advised me to write to Dr. Pierce, which I did, and after seven months' use of the treatment the sore is healed, and I enjoy better health than I ever did. I dressed the wound with Dr. Pierce's All-Healing Salve and took the 'Golden Medical Discovery' and 'Pleasant Pellets' for my troubles. I shall always recommend your medicines."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.
